Summary

Full Stack Developer. I am an enthusiastic developer who is always ready and willing to learn new technologies. Experienced with all stages of the development cycle for dynamic projects. Strong math and algorithmics skills certificated by participating in the International Collegiate Programming Contest (ICPC). Well-versed in numerous programming languages including C++, Java, JavaScript, HTML, CSS. Good understanding of SQL and NoSQL Database Design. And strong approach of Object-Oriented Programming and Design Pattern. The best tech that I love to work with are React and Spring Boot.

Skill Highlights

- Project management
- Strong decision maker
- Complex problem solver
- Creative design
- Innovative
- Service-focused

Experience

Full Stack Developer - 03/2021 to Present

Peoplewalking, Spain

- Designed and developed UI/UX and Backend API application for the Clinic University of Navarra.
- Automate software development, such as build, test, and deployment, following the CI/CD guidelines using Jenkins.
- Work with senior developer to manage large, complex design projects for corporate clients.
- Carry out quality assurance tests to discover errors and optimize usability.
